

**17–18
DECEMBER
2027**

Bocconi University
Milano, Italy

15th EIEF – UNIBO – IGIER-Bocconi Workshop on Industrial Organization

Call for Papers

You are invited to submit a paper for the **15th EIEF – UNIBO – IGIER-Bocconi Workshop on Industrial Organization** which will be held in **Milano at Bocconi University on 17 & 18 December 2026**.

The event is a joint initiative of the **Bologna Center for Law and Economics** (BCLE - University of Bologna), the **Einaudi Institute for Economics and Finance** (EIEF), and **IGIER-Bocconi**.

The workshop aims to strengthen the relationship between Italian economists working in the field of Industrial Organization, both in Italy and abroad, by bringing them together to discuss new research. In order to stimulate interaction, the program will consist of a small number of papers, which will be presented in a plenary session and ample time will be left for discussion and informal interaction. Contributions in both theoretical and empirical IO are welcome; we particularly encourage the submission of work in progress.

This year, we are introducing an innovation in the form of two invited keynote speakers. **Giulia Brancaccio (NYU Stern)** and **Matthew Mitchell (EUI)** have kindly agreed to be the inaugural keynotes, kicking off this new format.

The **submission deadline is 25 October 2026**, and final decisions on acceptance will be made by 8 November 2026.

The organization will provide accommodation in Milano for speakers but they will have to cover their own travel expenses.

Papers can be submitted by email to igier@unibocconi.it with **15th EIEF-UNIBO-IGIER Bocconi Workshop on Industrial Organization** as the subject line.

Non-presenting participants are welcome (we cannot provide funding) and can contact the organizers for information about accommodation.
